The Official FROGGER+ by SEGA+ by Robert Pappas
With MUSIC

Directions:

Safely maneuver your frog to its home within allotted time (60 beats of timer). Cross the highway without getting run over and cross the river without falling in. Avoid traffic, snakes, crocodiles, and diving turtles. Press <CLEAR><BREAK> to end game. Press <Q> in response to "*How many players?*" to return to DOS.

Action	Keyboard	Joystick
Move right	L or Right arrow	Press right
Move left	K or Left arrow	Press left
Move up	A or Up arrow	Press forward
Move down	Z or Down arrow	Press button

Scoring:

Each safe jump	10 points
Arriving home	50 points
Beating timer	10 points per beat
Safe lady frog	200 points
Gobbling insect	200 points
5 frogs home safe	1000 points

An extra frog is awarded for every 10000 points.

Note: This disk boots up on a Model I, III, or 4 (in III mode). It transfers the file(s) to TRSDOS 2.3 or TRSDOS 1.3. If you are using LDOS, DOSPLUS, or other compatible DOS, just do a DIR and then COPY the file(s) over to a diskette formatted by your DOS. For NEWDOS80, first generate a TRSDOS disk, then use normal methods employed by NEWDOS for converting files from TRSDOS disks.
